

The Mennonite Brethren Church of Manitoba Video Licensing

The Mennonite Brethren Church of Manitoba has entered into an agreement with Audio Cine Film which provides the churches within our denominational jurisdiction with an annual public performance licence. Follow this link to the ACF website .

<http://www.acf-film.com/en/index.php>

A “Search by Title” will let you locate those films/videos which are covered by our agreement. The license which covers all of our churches is paid for by the Conference.

Because no single agency covers all films/videos for use in churches, the Conference suggests using CVLI (The Church Video License) which is affiliated with CCLI, the well-known for its music licenses. Follow this link to the CVLI website.

<http://canada.cvli.com/>

A church choosing to use their service has to purchase their own license.
