

Our Core Service Areas

Preamble

Over the past year MBCM has been looking at ways to better serve our churches. Our *Core Service Areas* is the result of this internal discovery process. By visualizing and presenting our main objectives in this way, we plan to achieve the following:

- Provide equal balance of resources among all of our Core Service Areas
- Better communicate available resources to our churches
- Move the focus away from agencies, and instead, emphasize a coordinated effort that better serves church leaders, planters and congregations
- Better coordination of our events calendar
- Clearly show the use of financial resources.
- Identify needs and / or potential shortfalls related to a specific Core Area.
- Better focus our efforts and resources and provide churches with an understanding of the type of work MBCM does.

This concept is presented at this time so that you may provide input and feedback. If this body is supportive of the *Core Service Area* approach, it will be refined and presented to our churches at Assembly 2015.

Our Core Service Areas

Developing Leaders

Apprenticeship // Assessment
Bursaries // Camps // Coach Me (L2L)
Credentialing // Gospel Coach Model
Local Church Initiatives
Schools // Soar // TREK Canada
Workshops + Conferences

Building Community
