STUDENT EXPERIENCES

Josh

BA Christian Studies, Global Mission

I consider it a great privilege to be able to dedicate a season of life to study the scriptures in a community of like-minded Jesus followers, and to be mentored by faculty and staff who are also convinced that Jesus is who he claimed to be.

It is a great blessing to be surrounded by “young people” who are fully persuaded that God has called them to incarnate the message of the Gospel and to witness the living testimony of faithfulness of those “more mature.”

I trust and hope that God will use for His glory, this time of growing and learning to accomplish His will, for my family. I am equally grateful for the partnership in the gospel that many donors have, who through their commitments have seasons like this possible.

Certificate of Biblical Studies

I am a first-year student from Rosenort, Manitoba and I am doing a Certificate of Biblical Studies. I dream of pursuing a career in medicine or other sciences!

I chose SBC because I heard so many good things about it and decided it would be an awesome place to develop a solid biblical foundation for my future.

My favorite part about dorm life is the positive, uplifting community that completely strives to become like Christ. Seeing others serve each other utterly selflessly every day is something so rare, but so precious and experiencing this for even a few months will change me forever.
