

PFLT UPDATE

The Provincial Faith and Life Team (PFLT), keep watch over our theological and ethical integrity.

Members of the PFLT make themselves available to pray, discern, and discuss doctrinal or ethical issues, pertinent to the life of our churches.

The PFLT is also responsible for credentialing our pastors in Manitoba.

OVERVIEW

The intent of this update is to communicate the journey of River East Church in their work toward having a more effective ministry to all people, including LGBTQ+ persons.

We recognize that anxiety often comes up with this conversation. Our hope with this update is to provide the MBCM community with information that will foster healthy relationships as we continue to work out God's mission in Manitoba.

THE JOURNEY SO FAR

Reynold Redekopp from River East Church will provide some insight to the following question. What is the intention and hope for this conversation and work?

Ruth Schellenberg will share the view from the MBCM board. Jason Dyck will provide further perspective.

OUR POSTURE

Questions in view. We recognize and will name the confessional questions that exist in this conversation.

Preconceptions. We recognize the preconceptions that some bring to bear on River East Church and invite each of us to move past assumption toward relationship.

ONGOING DIALOGUE

This update at the Regional Meeting will provide information, but will lack the space to have dialogue. We recognize the healthy need to have this conversation in relationship. Our next opportunity to continue this conversation as a community will be at Assembly 2021.
